<p>Highlights can be any generic data, relationship and can be stored on cloud efficiently</p>	<p>Health data should be processed made available to everyone</p>	<p>Cost for cloud is easy for doing analytics in the past, but now, it is going to be low, which leads to, low cost and measures.</p>
<p>The Analytical Results can be shared through various view the graphs and can be deep understanding</p>	<p>The methods should be cost efficient and easy to operate</p>	<p>An additional layer of analytics are required to ensure the data is secure, data privacy.</p>
<p>A standard can be created for data normalization</p>	<p>Data made available on cloud can help in the implementation and operations</p>	<p>Proper training and steps can be made available to users.</p>

Incentives of Professionals	Influence Some Robots can be used to overcome deficient in manpower	Caritive some peoples who has basic knowledge
Adjusting Staff Schedules	Fulfill the needs of the Staffs	Performance bonus can be given frequently
Hybrid wants to solve real time problems such as beds available and etc.	Effective Internal Communication	With MYSC, we manage very large datasets

<p>Use of public cloud to store large datasets</p>	<p>In multi-tenant SaaS, defined times to critical situations, use our Tivoli management.</p>	<p>Use of public cloud to store large datasets</p>
<p>Automated cloud for criticality</p>	<p>In cloud we pay for what we use</p>	<p>Automated cloud for criticality</p>
<p>Separate System technicians should have to be hired</p>	<p>Separate System technicians should have to be hired</p>	<p>Call the nurse first for small problems, to avoid crowding, use for advanced using phone call</p>

🕒 20 minutes

be created among youngsters in Wood County.

TIP

Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

🕒 20 minutes

 **Importance**

If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

TIP
Participants can use their cursors to point at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the H key on the keyboard.

1

Feasibility

Regardless of their importance, which tasks are more feasible than others? (Cost, time, effort, complexity, etc.)
